

FREMANTLE SPEECH PATHOLOGY SERVICES

LANGUAGE DEVELOPMENT ACROSS THE CONTINUUM

From Talking to Writing
From Speaking to Spelling
From Listening to Reading

Fremantle Speech Pathology Services offer you the following benefits:

1. Therapy that is “tailor-made” for your child
2. Communication with teachers and other professionals
3. Decision making that is shared with everyone involved
4. Your choice of therapy options and time frames
5. Assessment reports that clearly describe your child’s difficulties
6. Rebates available through private health funds
7. No referral required
8. No long waiting lists

Our team of professionals works with children from infancy to year 12 who experience speech, language and learning difficulties.
We are all members of Speech Pathology Australia.

Does your child:

- Talk less than other children of the same age?
- Sound unclear?
- Misunderstand your questions?
- Explain events out of order?
- Forget what to say?
- Get very distracted in class?
- Find writing an impossible task?
- Learn words for a spelling test but never spell them correctly when writing a story?
- Make a lot of mistakes while reading aloud to you?
- Find the English curriculum very difficult?

If you have answered, “yes” to one or more of these questions, contact Fremantle Speech Pathology Services to discuss how we can assist with your child’s difficulties – and take the first step towards a successful solution.
